SPECS

TIRE SPECS

POSITION	FLEET RETREADS?	PULL POINT
Steer	No	4/32nds
Drive	Yes	2/32nds

MATCHING INSTRUCTIONS

- Follow industry best practices on dual & axle tread depths.
- Match to 4/32nds on duals

TIRE MOUNTING

- Follow all applicable OSHA and RMA safety procedures.
- Proper mounting procedures must be followed or sudden tire failure, personal injury, and/or death may result.
- Use only double seal flow through valve caps
- Always use personal protective equipment (PPE) INCLUDING Eye Safety Protection, Gloves, Back Supporter, etc. Safe work practices must always be followed. Refer to the TMC Recommended Practice Manual for additional information.

RETREADS

- All casings should be inspected by a Bandag or Dealer representative
- Ozone/weather checking must be acceptable as defined by supplied ozone template
- Reference the BASys profile under Fleet Usage for more details

CASING BRANDS ACCEPTED

- Bridgestone
- General
- Hankook
- Kelly
- Cooper
- Continental
- Michelin
- Toyo
- Goodrich
- Dunlop
- Firestone
- Goodyear
- Yokohama

REMOVAL

- Clearly identify nail holes and damage in removed tires by circling with tire chalk

SERVICES AND LABOR

- For specific requirements, refer to current service level agreements

WARRANTIES

- All warranty claims will follow the Bandag Retread national warranty guidelines.
- All warranty claims will follow the Bridgestone Truck and Bus national warranty guidelines

EMERGENCY ROAD SERVICES

- Contact Bridgestone Emergency Road Services at 1-844-85-TIRES or go to <https://commercial.bridgestone.com/en-us/find-dealer>

SCRAP HANDLING

- All scrapped and out-of-spec tires will be reviewed and disposed of in a lawful manner.
