

RADIAL QUARRY TIRE LINEUP

BIAS QUARRY TIRE LINEUP

EFFICIENCY & **EXTENSION**

Move more and move it faster. Bridgestone
Off-the-Road tires improve traction and maximize
cut resistance. The innovative tread patterns extend
tire life, while reinforced shoulders reduce sidewall
damage. The quarry lineup is designed to keep
drivers and equipment safe while meeting the
harsh job site demands. These tires resist the rocks,
resist the heat and help maximize productivity.

BRIDGESTONE OFF-THE-ROAD SOLUTIONS

Intelligent Products

The Bridgestone Off-The-Road lineup offers innovative tread patterns and compounds designed for various surfaces and applications, providing reliable performance so customers can maximize job-site productivity.

Tire Solutions

Integrated Technologies

Bridgestone Fleet Care provides customers data-driven technologies to help manage their life-cycle assets, get real-time pressure and temperature insights to help reduce downtime, optimize total cost of ownership and maximize productivity.

Tire Monitoring Services

Tire Monitoring Services with IntelliTire*: An advanced real-time tire pressure and temperature monitoring solution for nearly any OTR tire from any tire manufacturer that is 49" or smaller. Combining durable hardware and integrated with Tire Asset Management* to help fleets optimize total cost of ownership, prevent unplanned downtime and help increase safety.

Asset Management

Bridgestone offers Off-The-Road tire Asset Management that allows fleets to make informed decisions and help manage life cycle of tires for increased efficiency and profitability. Monitoring each tire from receiving inventory, mounting inspections, rotation, repairs and removals no matter the size of your fleet anywhere in the world.

Best-in-class Service

We know that the best products and technologies only stay the best when paired with best-in-class-service.
Our extensive dealer network, compressive training programs, and highly qualified field engineers help improve downtime, so our Off-The-Road customers can focus on getting maximizing their productivity.
