

BRIDGESTONE

VSDR

V-STEEL
SUPER DEEP
RADIAL

L-5

The Bridgestone V-Steel Super Deep Rock radial tire meets the rugged, tough demands of mining and waste operations. Designed for loaders and dozers, the VSDR features a unique, squared shoulder, multi-ply steel belts and a deep, L-5 tread depth that help minimize rock cut damage, leading to long tire life and contributing to uptime. Engineered to withstand various terrains, VSDR is ideal for use on rock surfaces found in open pits, quarries and underground, as well as paved surfaces for the demands of waste applications.

LOADER

DOZER

SPECIALIZED FEATURES

- 1 SQUARED OFF SHOULDER DESIGN**
